Dear Counselor:

You requested an administrative review of the decision by the Office of Retailer Operations and Compliance of the Food and Nutrition Service to impose a permanent disqualification from participation in the Supplemental Nutrition Assistance Program (SNAP). In my letter dated July 26, 2021, I indicated that your request for review had been granted.

The Final Agency Decision is based, in part, on the information submitted by the Office of Retailer Operations and Compliance. I was notified by the Office of Retailer Operations and Compliance that they have closed your case. Therefore, the determination by the Office of Retailer Operations and Compliance to impose a permanent disqualification is reversed.

If you are informed by the Food and Nutrition Service of any new adverse action regarding your firm's authorization to accept Supplemental Nutrition Assistance Program benefits, you will again be advised of your right to request administrative review of any such adverse action.

Sincerely,

A handwritten signature in black ink that reads "Rich Proulx". The signature is written in a cursive, slightly slanted style.

RICH PROULX
Administrative Review Officer
